Eric's Diner ...

Food, folks, and fun! No, not McDonald's, but our beloved Saint Joe. What better way is there to fully capture the essence of the four-year Saint Joe experience than this fast food catch-phrase of the '90s?

Our cafeteria, for instance, offers the best of all worlds--a complete potpourri of fast food delicacies featuring selections from Taco Bell, Arby's, all the usual burger establishments, and let's not forget our dear friend, Kentucky Fried Chicken. Mmm mmm good.

Dinner entrees are much more exquisite and are often complemented with a side order of mashed potatoes, providing an aftertaste no senior will soon forget (or be able to).

Like anywhere else, Saint Joe has its share of both good folks and not so good folks. On one hand, if you are fortunate, there is your roommate, to whom you have become quite attached over the past four years and hope to continue to be in contact with long after graduation. On the other hand there may be that one professor whom you wish to tie to the rear bumper of a car and drag at a high speed along the well-paved Little 500 course, personally introducing him to the hay bales of the Chicane and possibly a tire or two along the way. However, it is a mutual understanding that professors have similar feelings toward particular students as well.

Finally, the fun at Saint Joe is best exemplified at Little 500, the one event students anxiously wait the first 224 days of the school year for. Alumni from all over the globe convene upon their alma mater to join students and faculty in this annual celebration of Saint Joe's triumphant go-kart extravaganza. In an instant, the campus population quadruples with a large assortment of folks having barrels of ... FUN.

In all seriousness, Saint Joe is an emotional rollercoaster ride of rewarding educational experiences, one that I'm proud to have been a part of; one filled with wonderful folks and endless hours of fun. As far as food is concerned, I've yet to see anyone here go hungry.

The Student Union Board has been the most important organization on campus for me. It's given me confidence, skill, and pride. I met and worked with what are, in my opinion, the best people at SJC through SUB, and I owe them a lot. Plus, it was a great time.

The size of Saint Joe makes many things possible that wouldn't be possible at a bigger school. For example, you don't have to major in a subject to participate: If you're interested, you audition. If you're good, you make it in. There are lots of opportunities at Saint Joe to take leadership roles and to put your two cents in.

I will never forget my four years at SJC. They were some of the most memorable years of my life! I am very grateful to many of the faculty and staff. Because of the caring and "family-like" atmosphere,

I accomplished many things I never even dreamed of! I have only compliments and good things to say about SJC and the staff.

Thanks for a great four years!

My four years at Saint Joe allowed me to get away from the distractions of New York and concentrate on developing skills and attaining knowledge that will help shape the rest of my life. SJC allowed me to compete athletically, as well as interact socially and make many friends for life. Sure, four years in rural Indiana can be rough on a true New Yorker, but if it doesn't kill you it only makes you stronger.

School and athletics do not always mix. However, at Saint Joe this problem never seemed to occur because of the fine student-teacher relationships. This allows athletes to achieve their goals both in the classroom and on the field. I feel this definitely contributed to the baseball team's success this past year. With this in mind, I would like to thank the SJC professors for their cooperation and for allowing me and my teammates to pursue our dream of winning a national championship and becoming professional baseball players.

The reason I came to Saint Joe is that I felt I would have the opportunity to play as a freshman. I could be close to home, yet away from Indianapolis. I stayed because I liked the small college atmosphere. I know that if I had switched to a bigger school my study habits would have suffered.

I was also accomplishing the goals I set for myself as a Division II player.

The moment I stepped on campus as a prospective student I felt at home. Nothing that happened in my four years at SJC did anything to change that feeling except to strengthen it. I will miss that feeling of acceptance and friendship as I leave.

In this special moment in life...

Think freely. Practice patience. Smile often. Savor special moments. Make new friends. Rediscover old ones. Tell those you love that you do. Feel deeply. Forget trouble. Forgive an enemy. Hope. Grow. Be crazy. Count your blessings. Observe miracles. Let them happen. Discard worry. Give. Give in. Trust enough to take. Pick some flowers. Share them. Keep a promise. Look for rainbows. Gaze at stars. See beauty everywhere. Work hard. Be wise. Try to understand. Take time for people. Make time for yourself. Laugh heartily. Spread joy. Take a chance. Reach out. Let someone in. Try something new. Slow down. Be soft sometimes. Believe in yourself. Trust others. See a sunrise. Listen to rain. Reminisce. Cry when you need to. Trust life. Have faith. Enjoy wonder. Comfort a friend. Have good ideas. Make some mistakes. Learn from them. Celebrate life.
